DARSHAN SHAH

Hello Jay Shree Krishna! I have completed my Bachelor's in Information Technology from VGEC (Ahmedabad, Gujarat). I currently work as a senior software engineer at a startup named Brightpoint Studios, working from my home in Ahmedabad. Outside of work, I enjoy exploring life's many facets - I like sports, watching movies, and traveling with friends. I also have a deep fascination for the spiritual aspects of life. I'm a caring, calm, and family-oriented person. I'm seeking a life partner who shares my core values of simplicity and an optimistic approach. My partner should most importantly be my best friend, who I feel comfortable with.
